

Agile References

Books

Scrum

- “Agile Software Development with Scrum” – Ken Schwaber, Mike Beedle
- “Agile Project Management with Scrum” – Ken Schwaber
- “The Enterprise and Scrum” – Ken Schwaber

Extreme Programming

- “Extreme Programming Explained (second edition)” – Kent Beck
- “A Practical Guide to Extreme Programming” – David Astels, et al
- “Extreme Programming Applied” – Ken Auer, Roy Miller
- “Extreme Programming Installed” – Ron Jeffries, Ann Anderson, Chet Hendrickson

Agile Processes

- “Crystal Clear: A Human-Powered Methodology for Small Teams” – Alistair Cockburn
- “Agile and Iterative Software Development” – Craig Larman
- “Integrating Agile Development in the Real World” – Peter Schuh
- “Agile Software Development (second edition)” – Alistair Cockburn
- “Lean Software Development: An Agile Toolkit” – Mary & Tom Poppendieck
- “Implementing Lean Software Development” – Mary & Tom Poppendieck
- “DSDM: Business Focused Development” – DSDM Consortium, Jennifer Stapleton
- “A Practical Guide to Feature-Driven Development” – Stephen Palmer, John Felsing

Planning

- “Agile Estimating and Planning” – Mike Cohn
- “Planning Extreme Programming” – Kent Beck, Martin Fowler

User Stories and Agile Requirements

- “User Stories Applied: For Agile Software Development” – Mike Cohn
- “Requirements by Collaboration: Workshops for Defining Needs” – Ellen Gottesdiener
- “Writing Effective Use Cases” – Alistair Cockburn

Testing

- “FIT for Developing Software” – Rick Mugridge, Ward Cunningham
- “Testing Extreme Programming” – Lisa Crispin, Tip House
- “Test-Driven Development by Example” – Kent Beck
- “Test-Driven Development – A Practical Guide” – David Astels

Refactoring

- “Refactoring” – Martin Fowler
- “Refactoring to Patterns” – Joshua Kerievsky

Agile Architecture and Design

- “Domain-Driven Design” – Eric Evans
- “Agile Software Development – Principles, Patterns and Practices” – Robert C. Martin

Legacy Code Issues

- “Working Effectively with Legacy Code” – Michael Feathers

Agile Database Development

- “Refactoring Databases: Evolutionary Database Design” – Scott Ambler, Pramod Sadalage
